

SELF CHECK-IN GUIDE

*We've prepared your cottage and popped the key in the door so you're all set to go.
To help you settle in, we've added some useful tips on staying with us below.*

Finding your cottage upon arrival

- Drive slowly up our driveway and watch out for random animals
- You'll pass our homestead on the right hand side and shortly after you should turn left towards the cottages
- There'll be a small sign post pointing directing you to the cottages. From here, follow the map.
- There will be a non-illuminated wooden sign on a tree that directs to your cottage.
- Parking is available alongside your cottage
- The lights will be on, the front door* unlocked and the key in the door.

**In the Timber Cottages (#5,6,7,8), the front door is away from the driveway on the balcony facing the paddock*

- If you're arriving in the night, please remember noise travels far in the bush!
- If you're not used to driving at night in the bush, it can be very dark so take your time.

Useful Notes (read your hotel guide for more detail)

As we're not on scheme (mains) water, here are a few tips for water management:

- There is a separate drinking water tap on or near your kitchen sink. This is filtered rain-water and safe to drink
- The other utilities are fed by water from our springs which is also filtered
- The water may be a little discoloured which is normal in the bush
- If you hear a noise on your roof at night, it's most likely just a gumnut so nothing to worry about. Embrace nature, don't fight it!
- There are coffee pods, plunger coffee and tea to get you started.
- In the Brick Cottages (#1,2,3,4) the hot water system gives you about 12-15 minutes of hot water (leave for 20 mins and it will heat back up)

Facilities open during your stay

- Animal feeding starts at 8am and runs til around 08.3am daily (in front of our homestead)
- Heated Pool & Games Room 10am til sunset
- Firepit (May-Nov) 5.30ish Tue, Thur, Fri, Sun (Brick Cottage Garden) - The toasting forks are hanging on the tree nearby (Marshmallows in your cottage)

If you have any questions, please reach us per the following

During Hours: +61481606069 (whatsapp/sms) or +61897572185 for calls.

After Hours or Emergencies: +61488024588 (whatsapp/sms or call)

Otherwise we'll see you at the firepit or animal feeding or around the farm sometime.

Settle in and get 'bush comfy'

Andrew H, Jules and trusty assistant Lisa.
